

## Are you a CCTV camera supplier looking to source a bespoke wiper arm and blade?

At Isla Components, we pride ourselves on understanding your design requirements to help you achieve the most accurate product.

We will help you by:

- ⇒ Sourcing tooling & manufacturing parts to fit your drawings.
- ⇒ Fully assembling wiper arm & blade.
- ⇒ Always being realistic about what we can & cannot achieve.

Does this sound like something you are looking for??

Why not give us a call to have an informal chat about any upcoming projects we might be able to assist you with.
